

**DEKONTA, a.s., Environmental Emergency Service**

Price list for emergency work

Item	Unit	Unit price without VAT
<b>Personnel services</b>		
Emergency response team (Firefighting Unit) leader, member of the Firefighting Unit	hour	980
Work of an independent investigator, member of the Firefighting Unit	hour	850
Work of a specialist – hydrogeologist, chemist, surveyor	hour	750
Work of an emergency technical specialist (technician, member of the Firefighting Unit)	hour	750
Work of a technician	hour	550
Surcharge for work in a light chemical protection suit with filter mask	hour	450
Surcharge for work in an insulating breathing apparatus (IDP)	hour	3,800
Surcharge for work in a pressurised chemical protection suit, incl. IDP	hour	6,200
Documentation of remediation work	hour	980
Surcharge for working days from 6:00 p.m. to 5:00 a.m., public holidays	hour	25%
<b>Sampling work</b>		
Soil sampling (material provision including decontamination)	pcs	250
Bottom sediment sampling (material provision including decontamination)	pcs	650
Groundwater sampling (dynamic sampling) – depth up to 50 metres (materials including decontamination)	pcs	2,300
Groundwater sampling (static sampling) (materials including decontamination)	pcs	530
Sampling of building structures (materials provided, including decontamination)	pcs	600
Surface water sampling (material provision including decontamination)	pcs	430
Wastewater and emulsion sampling (including decontamination if necessary)	pcs	750
Sampling of hazardous waste (material provision including decontamination)	pcs	1,200
<b>Field measurements</b>		
Determination of pH in water	pcs	150
Determination of conductivity in water	pcs	150
Determination of dissolved oxygen in water	pcs	150
Atmospheric geochemistry - PID + IRD	pcs	400
Explosivity measurement, H <sub>2</sub> S, O <sub>2</sub> , CO, PID	hour	680
Identification of unknown substances using a Raman spectrometer	pcs	4,500
3D scanning of an excavation pit	pcs	21,000
Data logger - levels measurement	day	750
Laser distance measurement	hour	100
Camera system/GSM camera trap	day	550
RL phase measurement	pcs	850
<b>Laboratory analyses</b>		
Determination of NEL in soils	pcs	600
Determination of NEL in water	pcs	550
Determination of BTEX in soil	pcs	1,600
Determination of BTEX in water	pcs	1,600
Determination of MTBE in soil	pcs	1,600
Determination of MTBE in water	pcs	1,600
Determination of C10-C40 in water	pcs	800
Determination of C10-C40 in soil	pcs	900
Soil extract III class – dry matter, heavy metals	pcs	4,920
Qualitative analysis of soil, water (RU)	pcs	1,650
Qualitative analysis of waste (identification of unknown substances)	pcs	8,500
Microbiological analysis	pcs	550
Express surcharge	pcs	100%
<b>Drilling work</b>		
Construction of a monitoring borehole (min. equipment diameter 200 mm)	lm	3,500
HDPE equipment up to 200 mm	lm	1,400
Perforation	lm	900
Gravel filling 3-6 mm	lm	900
Sealing of equipment with 1:3 clay cement	lm	250
Steel shoring - installation	lm	1,350
Steel shoring - dismantling	lm	1,350
Fe drill head 133 mm + lockable cap	pcs	3,000
Plastic well head	pcs	500
Borehole protection - concrete ring 1100 mm	pcs	2,550

Steel well marking, height 2,000 mm	pcs	850
Technical documentation of the borehole	pcs	2,000
Well cleaning	per well	5,400
Pressed probes - vibrating belt set	lm	2,100
Pressed probes - vibrating hand-held set	lm	950
HDPE equipment up to 80 mm	lm	450
Well plugging	lm	450
Well cleaning (airlift)	per well	4,800
<b>Equipment</b>		
Sludge pump up to 15 l/s	day	1,000
Submersible pump for boreholes up to 0.6 l/s	day	350
Submersible pump for boreholes up to 3 l/s	day	500
High-pressure cleaning equipment incl. fuel	hour	4,200
Gravity separator	day	550
Gravity storage tank over 10 m3	day	850
Stripping tower 2 l/sec.	day	1,000
Venting unit – fan	day	500
Air sorption filter (for filling with 200 kg of activated carbon)	day	250
Compressor/blower	day	200
Power generator up to 4 kW	day	4,500
Power generator up to 10 kW	day	5,500
Power generator 10 kW - 20 kW	day	9,800
Power generator over 20 kW	day	12,500
Lighting tower 4 x 1000W	day	4,000
Chain container	day	400
Hook container with door	day	400
Workplace facilities – set	day	12,500
ADR chemical container	day	690
Vibrating roller	hour	950
Vibrating plate	hour	750
Hand-held vibrating rammer	hour	650
Wood chipper	hour	850
Mechanical demolition hammer	hour	2,500
Self-collecting sweeping module (attached to a loader or excavator)	hour	1,500
Hydraulic arm	hour	1,500
Barrel chemical pump	hour	1,200
EX drum pump	hour	1,200
Chemically resistant suction hose, 3 m section	day	2,000
Petrol sludge pump up to 25 l/s	day	6,500
Standard petrol peristaltic pump	day	4,550
Electric peristaltic pump EX	hour	6,800
EX electric peristaltic pump - refurbished after use for aggressive liquids + A43	á	20,000
Skimmer	á	2,500
Petrol fan	day	2,400
EX fan	day	4,200
Decontamination shower	day	2,000
Decontamination container	day	4,000
Motor rescue boat including fuel	day	5,000
Emergency boat without engine	day	2,500
Light rescue boat without engine, two-seater inflatable	day	1,500
Lightweight submersible wall with telescopic poles, segment 5.5 m up to 10 days	á	8,000
Lightweight submersible wall with telescopic poles, 5.5 m segment, over 10 days	á	10,000
Sealing bags up to 300 mm in diameter	day	400
Sealing bags from 300 mm diameter	day	1,250
Hand tools 1 pc (chainsaw, brush cutter, demolition hammer, drill, hand-held circular saw, etc.)	hour	250
Vacuum cleaner for vacuuming hazardous dust	day	2,750
Radio station, 2 pcs.	day	400
EX radio stations 2 pcs	day	1,000
Handheld motor blower	day	350
<b>Material</b>		
Delivery of inert material for standard backfilling	t	650
Delivery of inert material for special backfill	t	900
Delivery of inert soil (humus horizon)	t	1,100
DEKONTAM biopreparation (biodegradation technology)	m <sup>3</sup>	7,500
Construction and technical materials – according to the supplier's price list		
Sorption agents, filter materials, disposable PPE and other disposable materials - according to the supplier's price list		

<b>Transport</b>		
Transport of persons and samples	km	17
Delivery transport up to 1 t	km	21
Delivery transport up to 3.5 t	km	24
Emergency vehicle deployment up to 5 t	km	35
Emergency vehicle deployment up to 12 t	km	49
Transport of ADR suction tanker	km	70
Transport of suction excavator ADR	km	74
Transport of CAS 32 fire engine	km	70
Crane transport	km	55
Transport by truck up to 8 t	km	42
Freight transport up to 14 t	km	60
Freight transport up to 25 t	km	65
Freight transport over 25 t	km	70
Freight transport, special, container	km	52
Transport of bulky cargo on a flatbed trailer	km	74
<b>Extraction, loading, backfilling, compaction, product pumping</b>		
Manual excavation of soil	t	1,600
Track excavator up to 14 t	hour	1,700
Track/wheel excavator 14-20 t	hour	2,800
Track/wheel excavator over 20 t	hour	5,400
Micro loader	hour	1,200
Loader up to 3 t	hour	1,500
Loader up to 10 t	hour	1,800
Loader over 10 t	hour	2,800
Dumper up to 1 t	hour	500
Dumper up to 5 t	hour	750
Dumper over 5 t	hour	1,500
ADR FL suction tanker work (e.g. flammable substances)	hour	6,000
Work with ADR AT suction tanker (e.g. contaminated water)	hour	4,200
Operation of a truck on site (waiting, loading, handling, transport within the site)	hour	4,500
Assistance with an emergency vehicle up to 12 tonnes	hour	1,500
Crane work over 20 tonnes	hour	3,000
<b>Waste disposal and recycling</b>		
Disposal of common chemicals at an incinerator NO (or according to the price of the final disposal facility)	t	22,000
Disposal of selected chemical substances at a NO incinerator (or according to the price of the final disposal facility)	t	36,000
Receipt of regular small-volume NO and final disposal	t	18,000
Biodegradation of contaminated soil up to 10,000 mg/kg dry weight.	t	2,100
Biodegradation of contaminated soil to 30,000 mg/kg dry weight.	t	3,100
Surcharge for elimination of hazardous properties after biodegradation for quantities up to 50 t	t	2,000
Surcharge for the elimination of hazardous properties after biodegradation for quantities up to 100 tonnes	t	1,000
Surcharge for the elimination of hazardous properties after biodegradation for quantities up to 200 tonnes	t	500
Surcharge for the elimination of hazardous properties after biodegradation for quantities up to 400 tonnes (no surcharge for	t	250
Landfilling of hazardous waste, including statutory fees	t	7,500
Landfilling of hazardous waste – statutory fees (in accordance with legislation)	t	2,000
Landfilling of "O" waste, including statutory fees	t	2,500
Removal of water contaminated with petroleum substances - according to the supplier's price list	t	
Removal of oil emulsion - according to the supplier's price list	t	
Removal of free phase petroleum products mixed with water - according to the supplier's price list	t	
Temporary storage of NO	kg/day	1.5
Removal of category N sludge and sand - according to the supplier's price list	t	
<b>Other</b>		
Initiation of emergency deployment	á	5,000
Operation of rescue equipment – pumping crew	day	4,800
Site security	day	4,500
Weighing of trucks	pcs	250
Fire assistance (1+5), CAS-32, explosiveness measurement	hour	4,900
Fire assistance (1+3), CAS-32, explosiveness measurement	hour	3,900
Fire assistance (1+2), CAS-32, explosiveness measurement	hour	3,200
Fire patrol (1+1), PHP, explosiveness measurement	hour	2,500
Aerial photography of the site	hour	2,000
Accommodation	person/night	1,300
<b>Important notice:</b>		

This price list sets **the basic prices for services provided as part of emergency responses** and is valid for all services performed after 1 August 2025.

The provider reserves the right to change this price list at any time. Changes to the price list are effective upon posting on the provider's website, unless the provider specifies otherwise at .

The price list serves as **an offer to conclude a contract** in accordance with Section 1731 et seq. of Act No. 89/2012 Coll., the Civil Code (hereinafter referred to as the "Civil Code").

The prices listed are final, **unless expressly stated otherwise**, and include the usual costs associated with the performance of the service. In special circumstances (e.g. service outside normal working hours, difficult access, hazardous environment, etc.), the provider reserves the right to quote a different price.

The provisions of this price list form **part of the contractual agreement** between the customer and the service provider, **unless otherwise agreed**, and form the basis for invoicing in accordance with Section 2586 et seq. of the Civil Code on contracts for work, even if no formal contract for work is concluded.

**The price list is binding** unless **an individual price agreement has been agreed** between the provider and the customer.

Prices are quoted exclusive of value added tax, which will be charged at the rate applicable under the applicable legal regulations.

In the event of late payment, a contractual penalty of 0.05% of the amount due will be charged for each day of delay.

If you have any questions about prices or the specification of the service, please contact us.
